CONCRETE CALENDAR 2015/2016
For links to websites, email addresses, or telephone numbers for these events, go to www.aspirebridge.org and select “EVENTS.”

Dr. Oguzhan Bayrak is a professor at the University of Texas at Austin. Bayrak received the University of Texas System Board of Regents’ outstanding teaching award in 2012 and was inducted into the University’s Academy of Distinguished Teachers in 2014.

Frederick Gottemoeller is an engineer and architect, who specializes in the aesthetic aspects of bridges and highways. He is the author of Bridgescape, a reference book on aesthetics and was deputy administrator of the Maryland State Highway Administration.

Dr. Dennis R. Mertz is professor of civil engineering at the University of Delaware. Formerly with Modjeski and Masters Inc. when the LRFD Specifications were first written, he has continued to be actively involved in their development.

Dr. Reid Castrodale is a structural engineering consultant with over 30 years of experience in prestressed concrete bridge design, research, and technical support. He also promotes the use of lightweight concrete for bridges.

READER RESPONSE

Editor,
I enjoyed reading ASPIRE™ at the Great Wall. I was glad to carry it with me and read it during my flight.

Waseem Dekelbab
Senior Program Officer
National Cooperative Highway Research Program
Washington, DC

[Editor’s Note]
Have you recently traveled with your copy of ASPIRE? Send us a photo and we may run it in a future issue.
